

Natrusolate Affiliate Pro

Natrusolate is a two-tier affiliate program – The affiliate program structure whereby our affiliates earn 20% commissions on their direct conversions, As well as the additional one-level conversions, the original referring affiliate earn 10% of the first level of the one primary affiliate they refer to the program, that is considered the second level of the original affiliates business .. In a two-tier affiliate program, or a multi-tier program (two levels), the first tier of commission is the same as in a regular affiliate program. The only difference is the additional tier(s), whereby marketers also earn a commission on sales generated by the people they referred to the program.

Definitions of the Affiliate Program

Affiliate-The publisher and or salesperson in a marketing relationship relationship.

Affiliate Marketing – Revenue sharing between affiliate merchants (advertisers) and affiliates (publishers), whereby compensation is based on performance measures (sales or leads).

Affiliate Network – a value-added intermediary providing services, including aggregation, for affiliate merchants and affiliates. Generally, no more than 2 Tiers.

Affiliate Software – software that, at a minimum, provides tracking and reporting of commission-triggering actions (sales, registrations, or clicks) from affiliate links.

Affiliate Pay Per Sale – Online advertising payment model in which affiliate payment is based solely on qualifying sales.

Affiliate Payment Threshold – The minimum accumulated commission an affiliate must earn to trigger payment from an affiliate program.

Affiliate Return Days- The number of days an affiliate can earn commission on a conversion (sale or lead) by a referred visitor.

Affiliate Squeeze Page – A type of landing page designed specifically to collect email addresses from visitors.

Affiliate Landing Page- A type of sales orientated funnel page designed to convert information on the product and or service into a direct sale.
